## **WalWorks Introduces ComfortGrip™ Scissors**

**Somerset, NJ** – WalWorks, a division of ZINSSER Co., Inc., is proud to introduce ComfortGrip™ Scissors, a new line developed specifically for use on wallcovering, window treatments, upholstery, fabric and craft projects.

Designed to meet the requirements of professional wallpaper hangers, but also ideal for do-it-yourselfers and crafters who require a scissor that is a cut above, ComfortGrip Scissors are manufactured from the finest precision steel. They are keenly honed to handle the most delicate wallpaper, yet the substantial blades and adjustable tension make them ideal for use on thick commercial vinyl and textile wallcoverings, string and grass cloth wallcoverings, heavy-weight upholstery materials including leather, canvas and burlap, as well as all decorator fabrics. The rust-resistant stainless steel blades are designed to stay sharp through repeat cuts and long term use, even on wet pulpy papers, and are super sharp all the way to a fine tip for detailed cuts.

ComfortGrip Scissors are uniquely crafted with slip-resistant cushioned grips that reduce hand fatigue and ambidextrous handles with extra-large finger loops to provide added cutting power. They are available in two blade sizes – 9.5” and 11” – with design features specifically styled for wallpaper and fabric projects.

For more information about ComfortGrip Scissors or WalWorks’ popular WalWiz three-in-one wallpaper tool, please contact ZINSSER at 732-469-8100. Or, visit WalWorks’ website at [www.walworks.com](http://www.walworks.com).
