WALWorks® Introduces New WALWorks® Wallcovering Tools

Somerset, NJ— WALWorks®, a division of ZINSSER Co., Inc. is proud to introduce a revolutionary new line of wallcovering tools designed to make wallpaper and border projects faster and easier – WALWorks® Wallcovering Tools.

This new collection of rollers, sponges, knives, fractional tape measures, prep trays and wallpaper and border kits feature quality construction, ergonomic designs, eye-catching colors and innovative features not found in ordinary wallcovering tools. The new tools join WALWorks WalWiz® 3 IN 1 Wallpapering Tool and ComfortGrip® Décor Shears to give professionals and do-it-yourselfers everything they want and need for successful wallpaper and border projects.

The new tools in the WALWorks line include:

- **WALWorks® Adhesive & Stripper Rollers** hold up to 3X more adhesive or gel stripper than ordinary rollers, delivering just the right amount of adhesive or stripper with less effort than traditional tools. Uniquely shaped to coat wallpaper edges and cut-in corners, the rollers are available in 4" and 9" widths, great for installing or removing borders and sidewalls.
- **WALWorks® Wall and Wallcovering Sponges** are designed specifically for wallcovering projects with material designed to grab lots of paste. Super absorbent to hold more liquid than other sponges, they are easy-to-grip, easy-to-rinse and are safe to use on any surface.
- **ComfortGrip® Snap-Off and Razor Knives** offer sharp stainless steel blades for precise, clean cuts and large ergonomic cushioned grip handles for maximum comfort and control. Replacement blades are available for all knives.
- **ComfortGrip™ Fractional Tape Measure** features easy-to-read fractional read-outs in 1/8th inch increments for easier and more precise measuring and a nylon coated collapse-resistant blade that resists rust.

(more)

WALWorks® Wallcovering Tools / 2

- **ComfortGrip™ Smoothing Roller** is a heavy-duty 2" roller that is ideal for setting seams and smoothing wallcovering, vinyl flooring, laminations, no-slip strips, decals and more. Its ergonomic non-slip cushioned handle provides extra comfort and control and side arm styling affords easy reach into corners and tight spaces.
- **ComfortGrip™ Four-IN-One Tool** is a trim guide, burnishing tool, wall scraper and spackling tool all in one. The 4.5" rust-resistant tool has rounded corners and a beveled edge to prevent wall gorging and features an ergonomic cushioned handle for extra comfort and control.
- Two-foot **Décor Level** features a handy side measuring scale and side openings to view the level vial and measure flat surfaces – a “must have” tool for hanging wallpaper, borders, window treatments, pictures and more.

The WALWorks Wallcovering Tool line also includes a variety of wallpaper and border project kits for the do-it-yourselfer, featuring dual purpose Prep & Go™ Wallpaper & Border Trays and all the tools needed for a successful wallpaper or border project.
